HAPPY-GO LUCKYS AND BROWNIES WILL PLAY TOMORROW AFTERNOON

The chief attraction in the baseball line tomorrow will be a game between the Happy-Go-Luckys and the Old Town Brownies, two of the strongest amateur teams west of the Missouri river. The two clubs have met rivals for many weeks and although the won and lost column since the city league was started shows things all to the good for the Brownies, the Hags have never admitted the super-

iority of the Old Town bunch. The game tomorrow will be played on Traction park diamond and a small collection of twenty-five cents will be taken up as admission to the gate and grandstand. The coin will be used by the youngsters to purchase a few lemon balls and bats, of which there are saidly in need. The battle will begin at 3 o'clock.

We never could see any fun in sitting in the grandstand and just watching the game!

We had to get on the field—"pitch" into action

SPLendid PROGRAM OF HORSE RACES FOR AUG. 13

Lady Pallantine and Rose Dick to Engage in 600 Yard Dash: Four Harness Events Promised for Day.

The Albuquerque Driving association is arranging one of the biggest racing programs ever put on in this city to take place at Traction park on the afternoon of Sunday, August 13. The event of the day will be a six yard running race between Rose Dick and Lady Pallantine, with a side bet of \$800 already on deposit by the owners. Charles Chapman of Santa Fe and Dick Levy will bring Lady Pallantine here for the event. Zack Phillips of San Marcial is the owner and breeder of Rose Dick. Two horses over can two races in Santa Fe, and each is a victory to the good. The outcome of the race on the 13th is watched with interest by a wide following of the sport. The San Jataca people are strong partisans for Rose Dick, the horse formerly owned in this city and won in force to Santa Fe to witness the races there. San Jataca expects to send a special train to support their favorite, and Mr. Levy will take up the matter of securing railroad rates from Grants, the nearest station to San Rafael.

Four harness races are promised for the day. Bill Trimble is busy arranging a program. The horses which are to go over the Santa Fe circuit will participate in the harness events which will include No. Mattock Hill No., a mighty handy horse whose steppings over the mile, and quite a head injury.

No judges or timekeepers have been announced as yet, but the officials will soon be selected from among New Mexico racing enthusiasts. A small admission fee will be charged at the gate on the big racing day, as the association will be out a considerable sum on repairing the track. The track, which has been in pretty bad shape, due to heavy rains this year, is being put into top notch condition.

Zack Phillips has not given out who will ride his horse. Bergman, a professional of the Forest track, will be entrusted with the mare, and Jack Levy says he is some jockey, and worthy of the trust. The \$800 in earnest money is on deposit in the Bank of Commerce.

WILLARD SOCIETY ITEM UNITES OLD FRIENDS

Two Oklahoma Women Both Lived in New Mexico But Had Lost Each Other Until Name Appeared in Herald.

Special Correspondence to the Herald.

Willard, Aug. 5.—The item appearing in last Saturday's Herald, giving the account of John Clayton's birthday party, was the means of uniting two life-long friends who had lost all trace of each other for three years.

This morning Mrs. Minnie Ross, the local telephone operator, received a letter from her girlhood friend Miss Dove Pearce, of Ft. Sumner, stating that while reading the Willard social items in the Herald she saw her old friend's name among the list of guests at the birthday party. Of course, she wrote at once and the friendship will be re-established.

Mrs. Ross and Miss Pearce were both Oklahoma telephone girls, the one operating the station at Wampanoag and the other at Albuq. Three years ago they both moved to New Mexico. Miss Pearce filing on a claim near Clovis and Mrs. Ross coming to Estancia. Miss Pearce now has a position in a drug store at Ft. Sumner and Mrs. Ross, who is a widow, is chief operator at the local telephone office.

Mrs. Longstone—John, do you think a scarlet hot would be too much for me?

Husband—I don't know. I've never heard you in one.—Life.

JAPAN HESITATES TO ENTER INTO PEACE TREATY WITH U. S.

Her Policy in Manchuria Largely Responsible for Her Attitude and She Does Not Want to Commit Herself.

NATIONS OF WORLD AGAINST HER EXPANSION

Tokio, Aug. 5.—Hesitation on the part of Japan to enter into negotiations with the United States looking to the conclusion of an arbitration treaty on the Bosphorus similar to that projected between Great Britain and the United States is not born of obstinacy to arbitration, but arises from a desire to know more of what may be proposed before committing herself.

It is pointed out that there are certain things which Japan cannot and will not arbitrate any more than it would be reasonable to expect the United States to arbitrate the application of the Monroe Doctrine. Undoubtedly Manchuria is the crux. So much has been said and is being said about the hand of the whole world being against Japan's expansion policies that it has come to be the popular belief in Japan that every effort will be made to prevent her making any more of her present position in Manchuria than the life of the leases permit.

It is a fact, undoubtedly, that Japan's plans for the future, so far as Manchuria is concerned, are nebulous. She has developed the port of Darlen along the lines of the program laid down by Russia before the war, and Darlen is becoming a magnificent port city. There is no intention of making Port Arthur a naval base, but it will be developed along commercial and lines. Four hundred miles of the South Manchuria railway, together with the lease of the peninsula, have involved vast expenditures. These are terminated, but there is another interest, namely, the Antung-Mukden railway, which in another year will be the continuation of the Korean railway and the last link in one line between Pusan at the southern end of the peninsula of Korea and China.

By the time the leases have terminated, the capital amount will be large, and it is doubtful if China will be able to purchase. Meanwhile the development of Manchuria goes on almost entirely because of the activities of Japan, and the Chinese incident tempts us so far as he is able to have his products, while at the same time the money in circulation increases and he is more prosperous. The Japanese do not care to go to Manchuria. The climate does not suit them, and there must come competition as laborers and as mechanics with the Chinese who are a cheaper labor and equally as astute a merchant. Nevertheless there can be no doubt that Japan intends to maintain her sphere of influence up to the last. There has been so much interest in Manchuria, so much of discrimination against others and disregard in their own behalf has been held to the door of Japan that she always looks for some move that will follow the same lines. Antung is not a pleasant sound in the Japanese official. They have been disappointed by Antung before. Nevertheless it is hard to say that Japan will not be unwilling to join, but she will not be asked to do so. I am afraid the Monroe Doctrine is still.

Four harness races are promised for the day. Bill Trimble is busy arranging a program. The horses which are to go over the Santa Fe circuit will participate in the harness events which will include No. Mattock Hill No., a mighty handy horse whose steppings over the mile, and quite a head injury.

MRS. BELLE STEWART TO BE BURIED TOMORROW

Funeral Services Will be Held in Lead Avenue Methodist Church at 2 P. M.

The funeral of Mrs. Belle Hall Stewart, who died Wednesday, will be held tomorrow afternoon with services in the Lead Avenue Methodist church at 2 o'clock. Burial will be in Fairview cemetery.

Belle Hall Stewart was born in New Haven, W. Va., after she moved with the family to Wheeling, W. Va., where she attended school and finally graduated from the Wheeling Female College. For a number of years she taught school in Chicago. In 1890 she was united in marriage to David Stewart, and went to Topeka where they lived three years, after which they returned to Chicago. After a brief residence in Chicago they removed to Albuquerque in 1894 on account of the ill health of Mrs. Stewart. They had had three children born to them, Merrill, Ade and Morrison. Ade died 13 years ago, aged 18 years. The two boys aged 29 and 25 respectively, are left to mourn their mother's death.

All the years of her residence in Albuquerque Mrs. Stewart was actively engaged in the work of the W. C. T. U. and that organization will feel her loss keenly. Her life was a beautiful benediction to her family and friends. Mrs. Stewart was a member of the First Methodist Episcopal church. Her aged mother died six months ago in this city.

Besides her husband and children, there survive two sisters and two brothers, Mrs. Geo. C. Wilding of Newark, N. J., and Mrs. H. E. Downs of this city and Thomas Hall and J. G. Hall of California. Thomas Hall and Mrs. Downs were with Mrs. Stewart in her last hours.

In the opinion of disablers here there is just one thing which will cause the German eagle to take its talons out of Africa and that is an powerful force.

By winning and how that force is to be applied does not appear.

Not only will the occupation of Africa give Germany a better standing in whatever conference may be called to consider Morbihan affairs but the port is a most desirable one.
